

## Grieving Families Have "New" Affordable International Funeral Shipping Service

*Affordable International funeral shipping and deceased funeral shipping worldwide is now available from Casper Funeral Services. Grieving families save over what is customarily charged shipping the deceased back to their homeland. There are no hidden charges or unreasonable funeral shipping expenses for deceased funeral shipping worldwide.*

Boston, MA ([PRWeb](#)) May 22, 2008 -- Affordable International funeral shipping and deceased funeral shipping worldwide is now available from Casper Funeral Services. Grieving families save significantly vs. what is customarily charged shipping the deceased back to their homeland. There are no hidden charges or unreasonable funeral shipping expenses for deceased funeral shipping worldwide.

"Grieving families who wish to send a deceased family member back to their country of origin need to be smart consumers before they repatriate their love one. Typically when someone contacts funeral homes regarding International Funeral Shipping they are quoted a wide range of charges; some in excess of \$10,000.00. Massachusetts based Casper Funeral Services - <http://www.casperfuneralservices.com> has made this personal choice of sending a deceased person back affordable", David A. Casper announced today.

International Funeral Shipping Director, David A. Casper, a Massachusetts Funeral Director and a member of the National Funeral Directors Association in announcing this cost saving "Repatriation Program" said, "Casper Funeral Services through their International Shipping Program has created a basic, affordable service for under \$4,200.00 plus airfare. We have as is required by Federal Trade Commission law established a published price list for International Shipping Services and make it available in advance to those inquiring about deceased shipping charges."

David A. Casper emphasized, "Our International Funeral Shipping Service has developed a worldwide standard, working with consulates from every country, to standardize required procedures to affordably complete the difficult journey of sending someone back to their homeland for burial. International Funeral Shipping Service has implemented this program to assist grieving families in their time of need. The international community deserves a highly professional and cost affordable service. That is exactly what our International Funeral Shipping Program offers and successfully provides."

Casper concluded by saying, "Our worldwide Funeral Shipping Program provides a complete international service at a reduced cost. Every aspect of coordinating the transfer from the United States to the deceased's country of origin is done efficiently with dignity and respect. Our stated mission is to make it possible for any and everyone who wishes to repatriate their loved one is able to afford and complete that final journey."
